

HEALTH

is the

Most Important

In buying food-articles, you must consider several things: Economy, Results, Easy Handling, Reliability; but the most important is Health.

Health means everything. In clothes, furniture, etc., if the buyer gets a poor or imitation article, the only harm is loss of money. In buying food-articles, if imitations are supplied, there is a loss of money, and probably an injury to health—which is beyond price.

Remember these facts when buying baking powder.

Earl D. Cain and Miss Pigeon Miles were married at Ballinger, Friday, Aug. 11, Judge Stone of Runnels county officiating. The contracting parties were accompanied by Miss Mattie Clay of this city and Mr. James De Moivre of Ballinger.

This comes in the way of a surprise to the many friends of the happy couple. They went to Ballinger to attend the reunion and although they were known to be engaged it was a surprise to hear of their marriage.

The bride is the daughter of Jonathan Miles of this city and for several years has been one of the most popular salesladies in the store of Winkler & Hudson Co. Mr. Cain is connected with Emory Foreman's tailoring establishment and is a good young man.

They have many friends throughout West Texas who will hasten to extend congratulations.

DEATH ROLL.

Mrs. B. H. Rand.

Mrs. Rose Dunn Rand, wife of Dr. B. H. Rand, died at the family residence in East San Angelo Sunday morning, August, 20 at 6:30 o'clock. The remains were buried at Fairmount Cemetery Sunday afternoon at 5 o'clock, the funeral being held at the home by Rev. Simeon Shaw.

Deceased is survived by her father, W. M. Dunn of Hasse, Comanche county, and by the following sisters: Mrs. E. S. Hooper, Jefferson, Tex. Mrs. Frank Wyle, Tolar, Tex. Mrs. Howard Wilson, Stephenville, Tex., and Misses Dora and Irene Dunn of Hasse, Tex. Dr. and Mrs. Rank came to San Angelo in November, 1904 for the benefit of Mrs. Rand's health. She was stricken by consumption in October of the same year. After coming here her health failed to mend and the death of the little daughter, Gladys, in April, 1905 caused such grief that she began to decline. With the advent of the extremely warm weather of the past two weeks the decline became more rapid until death relieved all suffering last Sunday morning. She lived a consistent Christian life and died resigned to the end. Mrs. Rand was a member of the M. E. church South.

Many San Angelo friends of the family sincerely sympathize with Dr. Rand in his loss.

TO FOLLOW THE SURVEY

Chief Engineer Paret of the Orient Will Make Trip in Buggy From San Angelo South.

The Ft. Worth Record of Tuesday contains the following:

M. P. Paret, chief engineer of the Kansas City, Mexico & Orient railroad, arrived in the city yesterday afternoon on the south-bound Katy and was met at the station by C. H. Webster, of Sweetwater, chief engineer of the lines in Texas, and R. L. McCauley of Sweetwater, vice president of the Texas lines.

This visit of Mr. Paret is an important one, as it will determine the route which the branch line from San Angelo to Spofford will follow. The main line of the Orient road runs from Kansas City to San Angelo and, reaching that point, then goes west to Fort Stockton. There will be a branch from San Angelo to Spofford and it is the purpose of Mr. Paret to make a buggy trip over the survey, accompanied by Mr. McCauley. They will investigate all the conditions along the route. They leave on The Record special on the Frisco this morning for Brownwood and thence to San Angelo, from where they will start on the long ride, which will require about ten days for the trip.

Mr. Paret states that the company now has about 400 miles of road in operation at various points. In Kansas and Oklahoma there are 160 miles in operation; in Texas there are thirty miles being operated and fifty more building near Sweetwater north; in Mexico there are 115 kilometers east from Chihuahua and fifty kilometers more are being built; west of Chihuahua fifty kilometers are in operation and fifty more are building, and from Topolobampo east there are 120 kilometers in operation and track is being laid for twenty-five kilometers more. Grading is in process in six or eight different places.

Mr. Paret states that the company will begin about Sept. 1, to take advantage of the new law which will allow a railroad corporation to take up land along its right of way, to the end that the country may be developed. "This law allows a great combination. It will give us the opportunity to develop the country and it benefits us to have the property for our uses and necessities. I think West Texas has a great future. It will beat East Texas world without end on cotton growing and it promises to be the greatest country in the world. The Orient railroad will bring many thousands of settlers to Texas."

Mr. Webster came from Sweetwater to meet Mr. Paret here and have a conference with him. Mr. Webster will return this morning to his headquarters.

Running into Contonment.

Lawton, O. T., Aug. 21—Orient trains are running into Contonment, twenty five miles northeast of Thomas, O. T. The North Canadian bridge is soon to be constructed at Oakwood, fourteen miles from Thomas. It is estimated that the miles of track immediately south of this stream will cost the company \$13,000 on account of the rough land through which it is to be laid. Two construction companies are working southwest of Thomas, toward Clinton.

Booker Washington Says He did not Escort Wanamaker's Daughter to Dining Room.

Birmingham, Aug. 20.—President Booker T. Washington of the Tuskegee Normal and Industrial school (colored) has addressed a letter under New York date to the Age-Herald of this city, concerning his recent visit to John Wanamaker at Saratoga. He says:

"I have just seen for the first time the misleading and false reports in southern newspapers referring to my escorting female members of Mr. Wanamaker's family into the dining room of a Saratoga hotel. I have not referred to these reports before because they have just have come to my notice.

"I did not escort any female member of Mr. Wanamaker's family to or out of the dining room. I did dine with Mr. Wanamaker and members of his family at a hotel at his request for the purpose of talking on business—but at the time was a guest myself at a colored hotel in Saratoga.

"During the last fifteen years I have been in the hotel where Mr. Wanamaker was on three different occasions when I was to speak at public meetings, as I was at this time, and no comment was made of it.

"When in the South, I conform like all colored people, to the customs of the South, but when in the North I have found it necessary during the last twenty years, as stated fully in my book, 'From Slavery,' to come in contact with white people in the furtherance of my work in a way I do not assume in the South."

Another Telegram to Wanamaker.

Temple Tribune.
The following telegram was sent Wanamaker from this place Wednesday. The recent incident in which Wanamaker dined with Booker Washington and allowed his daughter to be escorted to the table by the negro called for the criticism and demand for a reply: "John Wanamaker, Ex-Postmaster General, Saratoga, New York: In the public press we noticed you dined Booker T. Washington at United States

hotel last Sunday as escort to your daughter. We of the South appreciate Booker Washington's ability, but deny his right to social equality with any American, however humble. Such action on the part of leading northern citizens has caused the South much trouble. We as a people regret your action and ask would you accept a negro of whatever rank as a son-in-law or on social equality with your family as you have indicated? We "take no nigger in ours" south of Mason and Dixons' line and request your reply and explanation. Signed John H. Stephens, W. C. Halbert and fifty others."

New York Papers Cornered.

Mobile, Ala., Aug. 20—Friday and Saturday the Mobile Herald asked by wire for opinions of New York Sun, Times, World, Herald and Journal concerning the Booker Washington incident at Saratoga. No reply was sent to either of the messages, whereupon the Herald tonight sent the following to each of the five papers:

"Friday and Saturday we waited for your opinion on Booker Washington affair. Let your silence give the impression that you are subsidized by Wanamaker's advertising, we are especially anxious to hear from you, and we stand ready to pay cost. HERALD"

The following was also sent personally to William R. Hearst: "As one who has appealed for southern votes for President, the silence of your papers on Booker Washington affair is significant and creates comment, especially in view of the fact that you have frequently proclaimed pride of Virginia blood. Answer our telegram of Friday and Saturday."

Congratulations have been pouring in on the Herald all day, the idea of asking for the opinion of the New York papers meeting with the approval of the entire city.
